Dear Mr McLanachan

Subject ECO Stars Fleet Recognition Scheme – SLAN123

I am delighted to enclose for your attention your ECO Stars Fleet Recognition Scheme certificate and congratulate you on your **4 star rating**.

The funding for the Eco Stars Scheme comes from Scottish Government Air Quality Action Plan Grant assistance and supports local authorities in taking action in areas where air quality is poor and Air Quality Management Areas have been declared – South Lanarkshire have 3 such areas.

South Lanarkshire Council contract TRL to operate the Fleet Recognition Scheme on our behalf. We therefore very much value your support in joining this scheme which together with a variety of other actions assists us here in South Lanarkshire to reduce pollution within our towns and communities and helps us work towards meeting the Scottish Government national air quality objectives.

The Scottish Government via the Energy Savings Trust/Transport Scotland also provide financial assistance by way of business loans and grants to assist in the switch to electric vehicles which would assist in further reducing air pollution and may be of interest to you. They have now included loans to finance the purchase of used electric vehicles too. More information can be found here: [Interest-free electric vehicle loan - Energy Saving Trust](#)

I hope this information is useful to you and wish to thank you again on helping to be **part of the solution to pollution in South Lanarkshire** – your support in this matter is really appreciated.

Please do not hesitate to contact me should you have any queries or if I can be of any further assistance.

With very best wishes,

A handwritten signature in black ink that reads 'Ann Crossar'.
